Short Description
A 50 card deck of Inspiration.

Description
XO, God is a little deck of cards, the size of playing cards. The 50 full color cards come in their own box, which is really just as cute as pie. Each card has a different scripture, a little illustration and a thought to ponder. Good for sharing with a friend, for bookmarks, or for a special burst of inspiration you can put in your pocket, on your desk or by your bed. Tied in a ribbon, they would really make a sweet gift for someone you love.
